

# Provider Education Program – Spirometry Interpretation Workshop

Tuesday, June 27, 2017 5:30 - 8:30pm

Mattamy Athletic Centre – Blue and Gold Room (MAC 3310)  
50 Carlton St. - Toronto, ON, M5B 1J2

## Spirometry Interpretation Presenters

**Dr. Itamar E. Tamari**, MD, CCFP, FCFP has been working at Stonegate Community Health Centre since 1998 and is on staff at St. Joseph's Health Centre. Dr. Tamari completed his doctorate in Medicine at the University of Toronto in 1992 and his training in Family Medicine in 1994. Dr. Tamari is the Medical Director of the Primary Care Asthma Program, which is one of the Asthma Plan of Action (APA) projects, and has chaired it's Advisory since 2002. He sits on The Lung Association - Ontario's Provider Education Program Steering Committee and the Asthma Advisory Committee. He is also a founding member of the Primary Care Respiratory Alliance of Canada.

**Ms. Ana McPherson**, MASc, RRT, CRE/CTE, SFI – RespTrec/SpiroTrec Facilitator Clinical Coordinator, South Simcoe Northern York Region Health Link. Ana has over 25 years' experience in healthcare that encompasses acute/primary/community care, chronic disease management, diagnostic, research, quality improvement, with public and private sectors. Ana has had the pleasure of working with all age groups from neonates in the NICU at Women's College hospital to the geriatrics at the Barrie Community FHT, Pulmonary Rehab Program. But she was most privileged to work with the First Nations community at Sioux Lookout, Northern Ontario, as far as Bearskin Lake.

## Learning Objectives

By the end of this presentation, the participant will be able to:

- Clarify and state the role of spirometry as an objective measurement of lung disease
- Review spirometry testing, terms and measurements
- Identify the criteria for best test acceptability/repeatability
- Gain confidence in the interpretation of spirometry through case study practice

## Workshop Format

5:30 – 6:00pm Registration & Dinner  
6:00 – 6:30pm Spirometry Ins & Outs Presentation  
6:30 – 7:30pm Spirometry Interpretation  
7:30 - 8:20pm Interpreting Spirometry Test Results  
8:20 - 8:30pm Questions and Evaluation
